

CELERY FIELDS PARK PAVILLION

📍 Sarasota, Florida

PROJECT OVERVIEW

This project envisions constructing a new restroom pavilion, observation deck and new a parking lot at the Celery Fields Park on Palmer Boulevard. The project will replace the current gazebo structure and be coordinated with the Audubon 's plans to construct a facility on the site. The project includes removing the existing pavilion and constructing a new restroom/ viewing pavilion of approximately 2,000 s.f. The new building will be designed to meet "Green Building" standards for natural light, natural ventilation and use of sustainable materials.
